The aim is to share this newsletter with schools and partners every month via email. It will include health and well-being news and updates from the work of the new Denbighshire Health and Well-Being Group when relevant.

SCHOOLS

Please could you circulate to **all** staff in school, and perhaps print and provide a copy in staff rooms and on staff notice boards.

HEALTH AND WELL-BEING GROUP NEWS

This is a new group that has been established. It is made up of partners from education, health, public health, third sector and other organisations that work in schools. The group will predominantly focus on the emotional health and well-being of pupils, but it will encompass all aspects of health and well-being. Updates from this group will be included in this monthly newsletter.

- To work in partnership to provide a coordinated and consistent approach to improving the health and well-being outcomes of children and young people in Denbighshire.
- To have an overview of health and well-being activities and interventions across schools in Denbighshire to avoid duplication.
- Make use of health intelligence and evidence based practice to inform service delivery, training and resource development.
- Coordinated training programme.
- Development of new strategies and policies.
- Monitoring of health and well-being e.g. bullying.
- Governance for the healthy schools scheme.

Safeguarding Update

Education Services have developed in the last

Gwasanaethau Addysg wedi datblygu polisi diogelu newydd ar gyfer pob ysgol. Mae'r ddogfen hon yn darparu trosolwg cynhwysfawr o'r canllawiau a'r deddfwriaethau lleol a chenedlaethol cyfredol.

Y flwyddyn academaidd ddiwethaf, gwahoddwyd pob ysgol i fynychu gweithdai diogelu er mwyn iddyn nhw gyfrannu at y ddogfen derfynol a dylanwadu arni. Mae'r ddogfen bellach yn cael ei chymeradwyo a'i gweithredu gan gyrrf llywodraethu ysgolion.

Yn ogystal â hyn bu i ddisgyblion ysgol ddatblygu fersiynau o'r polisi sy'n addas i ddisgyblion. Crëwyd fersiynau ar gyfer disgyblion cynradd, uwchradd ac arbennig. Mae ysgolion wedi derbyn copiâu ohonyн nhw i'w rhannu â'r holl ddisgyblion.

Presenoldeb

Ers 1 Medi mae proses newydd ar gyfer presenoldeb wedi ei mabwysiadu gan bob ysgol yn y sir. Diben y broses hon yw darparu dull cyson ar draws yr ysgolion a'r Gwasanaeth Gwaith Cymdeithasol Addysg. Mae staff y Gwasanaeth Gwaith Cymdeithasol Addysg wedi ymweld â phob ysgol y tymor diwethaf fel rhan o'r gwaith hwn.

Mae polisi presenoldeb newydd yn cael ei ddatblygu ar gyfer ysgolion Sir Ddinbych hefyd. Mae gweithdai yn cael eu cynnal tymor yma ar gyfer ysgolion a phartneriaid er mwyn cyfrannu at greu'r polisi newydd yma.

Mae'r drefn o gyflwyno Rhybuddion Cosb Benodedig ar gyfer absenoldeb heb awdurdod ar waith yn y sir ers 1 Medi. Mae bob rhiant/gofalwr wedi derbyn taflenni a llythyrau yn egluro'r broses. Bydd datganiadau i'r wasg pellach yn cael eu cyhoeddi i ledaenu'r neges ar draws y sir.

Mae'r Gwasanaethau Addysg wedi ymrwymo i wella presenoldeb a chyrhaeddiad cyffredinol disgyblion drwy weithio gyda rhieni, ysgolion ac asiantaethau partner.

Newidiadau i Amserlen Imiwneiddio'r Deyrnas Unedig

twelve months a new safeguarding policy for all schools, the document provides a comprehensive overview of both current local and national guidance and legislation.

All schools were invited to the safeguarding workshops in the last school year to contribute and influence the final document which is now implemented and ratified by school governing bodies.

In addition to this school pupils have developed pupil versions of the policy. There is a primary, secondary and special version. Schools have been sent copies and these are useful for sharing with all pupils.

Attendance Update

A new Attendance process has been adopted by all schools in the county from the 1st September. This is to provide a consistent approach and application of action by schools and Education Social Work Service. All schools have received visits from the ESW service staff last term as part of the implementation process of this work.

A new attendance policy is also being developed for Denbighshire schools. Workshops are being held this term for schools and partners in order to contribute to the creation of this new policy.

The Fixed Penalty Notices for unauthorised absence from school have been implemented from the 1st September across the county. All parents /carers of pupils have received leaflets and letters explaining this process. Further press releases are also planned to widen the coverage and distribution of this action to communities across the county.

Education is committed to improving the overall attendance and attainment of pupils, working with parents, schools and partner agencies in the future.

UK Immunisation Schedule Changes

There have been some changes to the UK

Mae amserlen imiwlneiddio plant y Deyrnas Unedig wedi newid ychydig. Mae copi ynghlwm. Y prif newidiadau yw:-

Llid yr Ymennydd B

Bydd brechiad llid yr ymennydd B yn cael ei roi i fabanod a anwyd ar ôl 1 Gorffennaf 2015 pan fyddan nhw'n 2, 4 a 12 mis oed. Mae yna hefyd gyfnod dal i fyny ar gyfer pob plentyn a anwyd rhwng 1 Mai a 30 Mehefin 2015. Bydd hyn fel a ganlyn:

- Os bydd apwyntiad y trydydd brechiad (4 mis oed) yn ddyledus ar neu ar ôl 1 Medi 2015, bydd dos o lid yr ymennydd B yn cael ei roi ar ôl 4 mis a 12-13 mis.
- Os bydd apwyntiad yr ail frechiad (3 mis oed) yn ddyledus ar neu ar ôl 1 Medi, bydd dos o lid yr ymennydd B yn cael ei roi pan fo'r baban yn 3, 4 a 12 mis oed (bydd ychydig o blant yn methu'r dyddiad 1 Medi oherwydd dyddiad eu hapwyntiad. Byddan nhw'n cael eu galw i gael brechiad llid yr ymennydd B ar wahân).

Mae'r brechiad hwn yn gallu achosi ychydig o dymheredd mewn babanod. O ganlyniad, dylai babanod gael paracetamol cyn gynted â phosibl ar ôl y brechiad, gyda 2 ddos arall (bob 4-6 awr). Rhoddir y cyngor hwn pan fydd brechiad llid yr ymennydd B yn cael ei roi. Mae'r daflen wybodaeth a roddir i rieni ynghlwm.

Y Ffliw

Bydd brechiad rhag y ffliw yn cael ei gynnig i bob plentyn 2, 3 (dyddiad geni 01/09/11 - 01/09/13) a 4 oed (dyddiad geni 01/09/10 - 31/08/11). Bydd hefyd yn cael ei gynnig mewn ysgolion i blant derbyn, blwyddyn 1 a blwyddyn 2. Bydd y brechiad ffliw hwn yn cael ei roi drwy'r trwyn ac yn amddiffyn yn erbyn 4 math o firws y ffliw. Bydd y brechiad hwn yn cael ei gynnig pob blwyddyn a bydd yn cael ei ymestyn yn y pen draw i bob plentyn oed ysgol. Os nad yw plentyn yn mynchy dosbarth derbyn, bydd yn cael cynnig y brechiad gan feddyg teulu.

Llid yr Ymennydd ACWY

Bydd brechiad llid yr ymennydd ACWY yn disodli brechiad llid yr ymennydd C ar gyfer plant yn eu harddegau. Mae'r brechiad hwn yn cael ei gynnig i ddisgyblion blwyddyn 9 ac i ymgeiswyr prifysgol dan 25 oed.

Bydd yna ymgyrch dal i fyny brys ar gyfer

childhood immunisation schedule. A copy is attached. The main changes are as follows:

Men B

Meningitis B vaccination is being given at 2, 4 and 12 months to all babies born after July 1st 2015. There is also a limited catch up for all children born between 1st May and 30 June 2015. This will be done as follows:

- If the 3rd immunisation appointment at 4 months is due on or after 1st September 2015, a dose of Men B will be given at 4 months and 12-13 months.
- If the 2nd immunisation appointment at 3 months is due on or after the 1st of September, a dose of Men B will be given at 3, 4 and 12 – 13 months. (A small number of children will have missed the September 1st date due to how their appointments fell. They will be called to have their Men B separately.)

Men B vaccine is known to cause a slight increase in temperature in babies. As a result, babies should be given paracetamol as soon after immunisation with Men B vaccine as possible, with 2 further doses being given at 4-6 hour intervals. *This advice is only when Men B vaccination is being given.* The information sheet given to parents is attached.

Flu

Flu vaccination will be offered to all 2, 3 (DOB 01/09/11 – 01/09/13) and 4 year olds (DOB 01/09/10 - 31/08/11), as well as a school based programme for reception, year 1 and year 2. This will be the live nasal flu vaccination which protects against 4 strains of flu virus. This vaccination will be offered annually, and will eventually be extended to all school age children. If a child does not attend reception, they will be offered vaccination at the GP.

Men ACWY

Meningitis ACWY vaccine will replace Men C vaccination for teenagers, which is offered in year 9, as well as the Men C offered to university entrants up to age 25.

There will also be an urgent catch-up campaign

myfyrwyr blwyddyn 13 a orffennodd y tymor diwethaf (Medi 2014 – Awst 2015). Yn ogystal â hyn, bydd modd i'r rheiny ym mlwyddyn 11 dderbyn y brechiad o fis Medi 2015 ymlaen.

Mae'r ymgyrchoedd dal i fyny brys hyn yn ofynnol oherwydd y cynnydd pryderus yn nifer yr achosion o lid yr ymennydd W. Mae hyn wedi ei nodi'n argyfwng meddygol gan sefydliadau lechyd y Cyhoedd.

Byw gyda Phlant yn eu Harddegau

Gallai'r cwrs hwn fod o fudd i unrhyw riant/ofalwr sydd yn ei chael hi'n anodd ymdopi efo person yn ei arddegau. Mae 'Byw gyda Phlant yn eu Harddegau' yn gwrs sydd wedi ei ddatblygu gan Tony Ivens ar gyfer sefydliad Plant yng Nghymru ac mae wedi ei weithredu'n llwyddiannus ledled Cymru. Mae wedi ei gynllunio o amgylch cyfres o bynciau a anelwyd at fagu hyder, sgiliau a gwybodaeth rhieni/gofalwyr. Mae'n helpu i nodi camau datblygiad blaenlencyndod ac yn galluogi rhieni/gofalwyr i ddeall yr effaith a gaiff hyn ar agwedd ac ymddygiad pobl ifanc. Yn ogystal, mae'n darparu cymorth i ddelio â'r ymddygiad hwn.

Mae'r cwrs yn addas ar gyfer rhieni disgylion blwyddyn 6 ac uwch a gall rhieni fynychu unrhyw gwrs sy'n gyfleus iddyn nhw, dim ots pa ysgol y mae eu plentyn/plant yn mynychu. Mae'r sesiynau hyn drwy gyfrwng y Saesneg yn unig.

Mae'r cyrsiau yn cael eu cynnal unwaith yr wythnos am 6 wythnos ac yn para 2 awr y tro.

Beic Gwneud Smwddis!

Mae Hamdden Sir Ddinbych ac Ysgolion lach Sir Ddinbych wedi buddsoddi mewn 'beic gwneud

for the year 13 students that finished last term (Sep 2014 – Aug 20). In addition, there will be a catch up for those in year 11 from September 2015 onwards.

These urgent catch ups are due to the worrying increase in Men W cases, which has been deemed a medical emergency by the Public Health organizations.

Living With Teenagers

This course could prove beneficial to any parent/carer who is coping with the ups and downs of teenage life. 'Living with Teenagers' is a course that has been developed by Tony Ivens for the organisation Children in Wales and has been successfully implemented across Wales. It is designed around a series of topics aimed at building parents'/carers' confidence, skills and knowledge. It helps to identify stages of adolescent development and enables parents / carers to understand the impact that these have on young people's attitude and behaviour. In addition, it provides the help to deal with this behaviour.

The course is appropriate for parents of Year 6 pupils and above and parents can attend any course that is convenient to them regardless of the school their child/children attend. The sessions are only available in English.

The courses run for 2 hours a week, for 6 weeks.

Pedalling powers up the blender that is attached to the bike!

The bike offers a unique, fun, entertaining, environmentally friendly and very memorable way to produce healthy smoothies! It is ideal for use in lessons and health days. It can bring a healthier twist to school fairs as opposed to cakes and sweets! Your Sports Ambassadors or school councils may also like to use it for events.

The bike is available for schools to hire at no cost. The bike is currently stored in Ruthin and someone would need to collect and return it.

If you would like to hire the bike, please contact Paula Roberts on 07500 106159 or email paula.roberts@denbighshire.gov.uk

Road Safety Week 2015

23rd – 29th November 2015

www.roadsafetyweek.org.uk/

No Smoking Signs

During the autumn term a pack of signs will be sent to ALL schools in Denbighshire. It is not a legal requirement to display these signs. However, they do reflect Denbighshire County Council and school policy in that smoking or use of e-cigarettes is not permitted in the school building or on the school grounds.

These can be displayed indoors or outdoors. Additional copies available from paula.roberts@denbighshire.gov.uk

Food Safety Training

We are continuing to offer Level 2 Food Safety training for school staff in Denbighshire.

The Food Standards Agency have traditionally advised that at least one person from every school has the award, and that this person is then be responsible for ensuring that safe practices are in place across the school. However, as increasing numbers of staff are involved with preparing and handling food in schools you may wish to train more staff to ensure safe food practices are used. For example - breakfast club staff, after school clubs staff, teachers/support staff delivering cooking

gwersi coginio neu glybiau, staff sy'n paratoi byrbryd bore, staff sy'n paratoi prydau ysgol ac ati.

Mae'r wobr yn ddilys am dair blynedd (ni anfonir nodyn atgoffa). Mae'r cwrs yn achrededig gan Sefydliad Siartredig lechyd yr Amgylchedd ac mae'n darparu cymhwyster D.U. cydnabyddedig.

Y gost yw **£35 yn unig fesul unigolyn.**

SECONDARY/SPECIAL

Substances Education Champions.

This term we are launching our new concept, 'Substances education Champions'.

The aim is to support our substances policy and have a 'substances education champion' in secondary and special schools. This person could be the PSE coordinator or anyone else in the school that could take on a lead for substances education. There will be training and ongoing support for the delivery of substances education as part of PSE and smaller groups.

More information about the initial session is below. If you would like to nominate someone to become a 'champion' and attend this session,

The training, which must take place in a teacher supervised environment, offers a number of advantages over ordinary classroom based training;

- each student is able to log into their own record and work through the training in their own time;
- students are able to log in and out as often as they wish and their work be saved so they can continue from where they left off;
- upon completion of the training, students are able to allocate to take a random multi-choice test; and
- each log in provides three attempts to obtain the accreditation

This resource is funded by the FSA therefore they require assurance from schools that following an application, that the course will be completed fully by each pupil registering.

It should also be noted that any participating school or college would be expected to contribute to the FSA's evaluation of the course.

Using paracetamol

to prevent and treat fever after MenB vaccination

My baby has just had the MenB vaccine, what should I expect now?

Fever can be expected after any vaccination, but is more common when the MenB vaccine (Meno) is given with the other routine vaccines at two and four months. Without paracetamol, more than half of infants will develop a temperature after these vaccines. The fever tends to peak around six hours after vaccination and is nearly always gone completely within two days. The fever shows the baby's immune system is responding to the vaccine, although the level of fever will depend on each child and does not show how well the vaccine will protect your baby.

How can I reduce the risk of fever?

Giving paracetamol soon after vaccination – and not waiting for a fever to develop – will reduce the risk of your child having a fever. With paracetamol, fewer than one in five children will get a fever and nearly all of these are mild (below 39°C). The paracetamol will also reduce the chance of your baby being irritable or suffering discomfort (such as pain at the site of the injection).

Which paracetamol product should I use?

You should use oral **infant paracetamol suspension**. This kind of paracetamol comes in liquid form for use in babies and young children. It has a strength of 120mg/5ml.

If you do not have paracetamol at home when you come for the first vaccination, your immunisation nurse may offer you a sachet of paracetamol and a syringe. The instructions on how to give this to your child are overleaf. You should

then get some oral paracetamol suspension for infants from your local pharmacy or supermarket on your way home. There are various products to choose from (including bottles and sachets) but the type needed is infant paracetamol suspension 120mg/5ml.

(Note: **junior paracetamol** (as per a stronger than **infant paracetamol** (250mg/5ml) and **must not be used in babies**.)

After which vaccinations should I give my baby paracetamol?

Paracetamol is advised for your baby following the MenB vaccination. The MenB vaccine is usually given at your baby's first and third immunisation appointments at two months and four months of age.

Paracetamol is not routinely needed after the Men B booster vaccine given at 12 months of age. By this age the baby's risk of fever is the same as after other vaccines.

How much paracetamol should I give?

A total of three doses of 2.5ml (60mg) of paracetamol are recommended following MenB vaccination. You should give the first dose at the time of vaccination or as soon as possible afterwards. You should then give the second dose of paracetamol around four to six hours later and a third dose four to six hours after that (see table).

Dosage and timing of infant paracetamol suspension (120mg/5ml) for use after primary MenB vaccinations (usually at two and four months of age)

| Age of baby | Up to 6 months (usually at 2 and 4 months) |
|---------------|---|
| Dose 1 | One 2.5ml (60mg) dose as soon as possible after vaccination |
| Dose 2 | One 2.5ml (60mg) dose 4-6 hours after first dose |
| Dose 3 | One 2.5ml (60mg) dose 4-6 hours after second dose |

The 2.5ml dose should be measured and given either using a syringe or with a 2.5ml spoon (this is usually the small end of the spoon that comes in the pack).

For very premature babies (born before 32 weeks gestation), paracetamol should be prescribed by your doctor according to the infant's weight at the time of vaccination. You should check with your doctor and follow the instructions on the prescription.

What if my baby still has a fever after having had the three doses of paracetamol?

Some babies may still develop fever after vaccination, even after having three doses of paracetamol. In the 48 hours after vaccination, if your baby still has a fever but is otherwise well, you can continue to give your baby the same 2.5 ml dose (60mg) of infant paracetamol (120mg/5ml) suspension.

- **You should always leave at least four hours between doses and never give more than four doses in any 24 hour period.**

You should also keep your baby cool by making sure they don't have too many layers of clothes or blankets, and give them lots of fluids. If your baby is breast-fed, the best fluid to give is breast milk.

Immunisation

The safest way to protect the health of your baby

- If you are concerned about your baby's health at any time, then trust your instincts and speak to your GP or call NHS 111 in England and 0845 46 47 in Wales for advice.
- If your baby still has a fever more than 48 hours after vaccination you should speak to your GP or call NHS 111 in England and 0845 46 47 in Wales for advice.

The advice in this leaflet only applies if your baby has had the MenB vaccine. If your baby has a fever at any other time you should follow the instructions and dose advice on the product packaging and patient information leaflet.

If a sachet of paracetamol is provided during your baby's immunisation visit, a manufacturer's patient information leaflet will be made available to you on request www.medicines.org.uk/emc/PL_21912/latest.pdf.

Other common questions:

Should I wake my baby to give paracetamol?

You should always try and give the first dose of paracetamol as soon as possible after the MenB vaccine. However if your baby is sleeping when the next doses are due, don't wake them up. You can give it when the baby next wakes as long as there is at least four hours between each dose.

Is it OK for small babies to have paracetamol?
Paracetamol is approved for managing fever in children from the age of two months. The patient information leaflet that comes with the pack may say that children aged two to three months should only be given two doses before talking to a doctor or pharmacist.

Although paracetamol is safe in very young children, the advice on the packaging is there to avoid parents giving paracetamol to a child with an unexplained fever. Such a fever could be a sign of a serious infection and treating this for too long may delay a parent seeking medical help.

As fever after vaccination is common, however, experts have advised that it is OK to give paracetamol for up to 48 hours after the MenB vaccine without seeking medical advice. Fever in this time period is much more likely to be caused by the vaccine than by an infection. The paracetamol will also make your child feel better, and there is no risk of an over-dose provided you give no more than four 2.5ml doses in any 24 hour period.

Why does the manufacturer's patient information leaflet (PIL) contain different information?
You will find a patient information leaflet (PIL) in the supply of paracetamol you purchase. The PIL with the infant paracetamol suspension 120mg/5ml may provide different dosing instructions from the experts' recommendations for use following MenB vaccination. Here, in this leaflet, we give the details of the specific recommendations for the use of paracetamol following a MenB vaccination. For full information about the paracetamol product, please see the manufacturer's PIL.

Does my baby need paracetamol with the booster vaccinations at 12 months?

By the age of 12 months your baby's risk of fever after MenB vaccine is the same as with the other vaccines. So, your baby does not need to take three doses of paracetamol with their routine 12 month vaccinations. However, if your baby does get fever at home or appears to be in discomfort, you can give your baby infant paracetamol using the dosing schedule for a child of that age as outlined on the Instructions in the packet.

The advice to give more than two doses of paracetamol to babies aged two to three months only applies after the baby has had the MenB vaccine. If your baby has a fever at any other time, you should follow the instructions and dose advice on the product packaging and patient information leaflet.

HOW TO USE THE INFANT PARACETAMOL SACHET THAT MAY BE PROVIDED BY YOUR PRACTICE NURSE

- Step 1 Cut or tear the top off the sachet
- Step 2 Put the syringe into the sachet and pull the plunger up to draw up the paracetamol to the 2.5ml mark
- Step 3 Give all the paracetamol in the syringe by placing the syringe inside baby's mouth against the cheek and press the plunger slowly to gently release the medicine
